[www.brislets.com](http://www.brislets.com)

News LETS is BrisLETS' monthly roundup of events, achievements and plans.

## May News and Updates

Greetings to all,

I trust you are all enjoying the great weather we are having.

The rain and cooler months with sunshine days are beautiful.

Our development with trading days are good. Our next trading day is a combined trading and working bee with a light lunch provided. Generally you can choose as to whether you trade or help around the property with light tasks. You simply may wish to attend to get to know other members which is also fine.

Russell and Mins' home is in Highgate Hill. All welcome.

Our June trading day will be back at the Albion Peace Hall, and July at the Holland Park Library.

Why not arrange a working bee at your home? You can arrange with help from the Management Team to advertise and create a plan. See our contact details below.

Does your garden need a good make over? Or would you like to hold a workshop in your own space? Your networks with ours can create a combined success for your requirements. Perhaps a gathering in a public space such as a barbeque would appeal to you or utilize our trading day hall as we have different rooms available for pod workshops etc. Get together with known and new friends to trade, gather and grow.

## Position as President coming up in August

Sally will not be standing as President in August. So if you think you have an interest in guiding and assisting along with the Management Committee team you can get in contact with us to nominate yourself for the position. You do accrue some units for your time although some committee members do so voluntarily.

We welcome fresh ideas and input to our community.

Jessie Scott and Kelly Watts are interested in being renominated for their positions as Secretary and Treasurer respectively.

## Website Update

Holger has updated our website and email storage.

We thank Holger for his time and skills on this matter.

He also made the treasurers email active.

The original laptop is now active and operatable.

**Please welcome our new members:**

No New members this month

Local Area Coordinators - We are seeking interest in members becoming LAC's.

We encourage members to check other BrisLets people in their area to join in on some localised activities such as morning teas, drop off and pick up facilities etc.

If you have space to do so this you can help make trading more efficient for us to trade in localised areas. Please let us know if you have the capacity to do so.

\*Apology In our last newsletter we stated that some Maleny Lets members attended our Northey St Farm stall. It was however, the Sunshine Coast Lets members who were there.

## Committee List

**Trading Day Coordinator** - Kelly Watts

**BrisLETS Facebook Page Admin** - Kelly Watts, Jessie Scott

**BrisLETS FB Members Forum Group moderator** - Ishka McNaulty and Kelly Watts

**BrisLETS FB Trading - Offers & Wants Group** - Ishka McNaulty and Storm Furness.

**Newsletter Editor** - Sally Peters

**Still Needed:**

**Website admin** - responsible for the brislets.com, control panel and emails etc. Uploading media, posting content, layout, creating links, updating plugins, widgets and WordPress etc as needed. Will have training on video and access to back up from previous web admin Holger, Jessie etc.

**CES admin** - responsible for BLCE CES, sending out newsletters, uploading files and changing the links on the front page - manual and support from Jessie and other CES admins

**Local Area Contacts** - as LETS members join from further afield, we need local leaders to activate and support trading in their local area, especially in this Covid 19 era - local community support can make a major change in people's lives, and utilising local resources (people, things, produce, transport, emotional support, physical support etc) Through the LETS platform this will transform and boost the local economy - but it needs someone to say I can do this - and rally the troops to see opportunities to meet the pressures being experienced your community!

**We can all play our part - send stories to the editor, FB pages and groups to motivate others, share good outcomes and ask for help.**
