# Introduction

I am trying a new, hopefully brighter and more interesting, version of the Newsletter this month. I have been inspired by SEQlets, Anika and Claudia who do a wonderful quarterly Newsletter.

Please contact me if you have any ideas or stories etc which you would like to contribute.

My contact details are

'Being purposeful is having a clear focus and knowing why you are doing it. " Strong reasons make strong actions" -Unknown.

Build a culture of continuous improvement and empower everyone to be the best they can be in all aspects of life.

Have a clear vision, know you why, focus on a goal, do things one at a time and persist until you get results. Stay focussed and accomplish great things.'

Thank you Andrew

# From Stanthorpe LETS (now closed)

- ▶ "I've spent a lot of time today thinking about how satisfying it is to fulfil somebody's Want. I think this is a huge part of what makes LETS so different from other bartering systems, and ultimately successful. The focus of the value is upon the people rather than the currency.
- ▶ It can bring a perhaps unexpected sense of self worth when you are able to meet somebody's needs with a skill you didn't realise you possessed.
- ▶ Or perhaps it's a sense of relief that your unwanted item has avoided the dump, because someone else has the time to actually repurpose or upcycle it and they're happy because their project can finally be finished.
- ▶ Maybe it's knowing that you're providing someone with an opportunity they could simply never have afforded if they only had federal currency to play with.
- ▶ Also, you don't fulfil someone's want unless you want to... and there is always satisfaction to be gained through doing what you want to do.
- ▶ Anyway, for whatever the reason, fulfilling Wants makes you feel good."

# Trading Day Sunday 20<sup>th</sup> November at Albion Peace Centre, 102 McDonald Road, Windsor.

Please bring all of your products and services for a delightful day of community with lots of Christmas fun and cheer.

I am looking forward to offering some readings and bringing some Christmas type nibbles for everyone.

See you all there with bells on.

## A little homework -

As newsletter editor I get returns from old emails and this is disturbing as it means you are also not receiving any email requests for your offers or wants.

When you log in to BrisLETS.com you see the home page. To update your contact details please choose 'My Record' and a screen opens up which is easy to use.

Please make your changes and click on 'Update', in the far left bottom of the page, before exiting.

Please contact me if you have any issues with your newsletter [treasurer@brislets.com](mailto:treasurer@brislets.com)

Thank you and  
best wishes of  
the season to  
you and yours
