## BUSINESS OR PLEASURE?

Is Brisbane LETS an economic alternative? a social group? a swap meet? all of the above?

Once upon a time, Brisbane LETS general meetings combined business with pleasure by following formal business with some informal trading. Lately, the meetings have sort of slipped into nothing but formal business attended by a few stalwart members.

**BORING!**

With the next general meeting, on Tuesday, 2 June at the Stress Factor, Brisbane LETS renews its commitment to meetings that reflect the multi-faceted spirit of LETS. Sparkling conversation. Informed discussion on serious issues. Demonstrations. Entertainment. Barter. Units flowing readily from hand to hand. Food.

- \* From 7.00pm, Margaret will have tea and coffee available. Drop in for a drink and a chat.
- \* At 7.30pm sharp, The business meeting begins. Be there to have your say about finances, constitutional matters, inter-LETting arrangements, new members, publicity, activities, correspondence, etc.
- \* At 8.30pm sharp, formal business is over. (Any matters not dealt with in this time will be deferred until the next general meeting or, if it's urgent, at a special meeting.)
- \* From 8.30pm to 9.30pm, it's time to meet, mix, advertise and barter. If you need anything, come and ask. If you have goods to barter - food, craft items, second-hand goods - bring them along. Advertise your services with notes, cards, flyers, demonstrations. Yes, demonstrations! LETS is about doing, so do it, and drum up some business.

### Tap Dancing

As a special feature of the June meeting, Ian won't perform a tap dance. He will, however, demonstrate how to change a tap washer. Two other LETS members, Merv and Lifeline, have expressed an interest in producing a video of LETS traders advertising their skills. They may come along and demonstrate how they video while Ian taps into the world of home plumbing.

We'd like more demonstrators at future meetings. It's good advertising, good entertainment and makes the meetings a forum for exchanging skills as well as goods. Two or three short (5-10 minutes) demos per meeting could liven up the proceedings, provide a focus for conversation and keep the units flowing.

### If you've Got It...

What do you have to offer? Pat would be delighted to assist anyone wishing to demonstrate massage. What else/ Cleaners: can you show how to polish a pane of glass, using environmentally friendly products? Carpenters: how to measure and saw two shelf boards the same length? Clerical: bring samples of your editing typing desktop publishing and explain what you can do. Child minders: what do you do with the children? Share games? songs? stories? Teachers: what can you teach in ten minutes? an affirmation? how to order snails in French? How to solve a maths problem? ( If it takes one duck two hours to swim across a pond, how long does it take two ducks and a frog?)

(If you want to demonstrate something, please Book with Saren, #170, ph 846-2174, so we don't crowd to many into one night.)

LETS General meeting, Tuesday 2 June Stress Factor, 466 Upper Edward street,  
7.00pm Coffee, tea, conversation Spring Hill.

7.30pm Formal business meeting

8.30pm Demos, barter, social. Bring your Barter cheque-book.

Come for the bits that interest you. See you there!

babies born and old men dying,  
the endless sircle turns a nother turn-  
Ever changing-colours blending,  
no beginning-without ending-  
we live and learn  
forgetting what we learn-  
Is it right or is it wrongful  
us to sing and who's the song for?  
the endless sircle turns another turn-  
Is it wrong or is it right for  
us to fight and what to fight for?  
we live and learn  
forgetting what we learn-  
Loving, hating, joy and sorrow,  
yesterday, today, tomorrow-  
the endless sircle turns another turn-  
like a mist upon the mountain,  
like a never-ending fountain-  
We live and learn-  
forgetting what we learn.....
